ABSTRACT

This bibliography lists selected fiction books for the enjoyment of visually or physically disabled sixth through ninth graders. The books extend the literary experience of young teens, while allowing them to glimpse life as it is lived by others and find greater understanding of themselves. The bibliography lists books available on disc, on cassette, and in braille in network library collections provided by the National Library Service for the Blind and Physically Handicapped of the Library of Congress. The books are categorized into 17 sections: fantasy and folklore; family life; friends and school; fitting in; poetry and music; historical fiction; frontier and pioneer life; romance; humor; short stories; tales of mystery; adventure; science fiction; sports, pets, and amusements; winter readings; spring and summer readings; and autumn readings. Each entry contains a brief description of the story, an indication of reading level, and a publication date. The guide also contains descriptions of other bibliographies which list materials for individuals with visual impairments. An author-title index and an order form complete the volume. (JDD)

Introduction

Discoveries: Fiction for Young Teens lists selected books available on disc, on cassette, and in braille in network library collections provided by the National Library Service for the Blind and Physically Handicapped, Library of Congress.

These books are for the enjoyment of sixth through ninth graders. Many are books that provide recreation — jokes, mysteries, and romances. Included are stories that allow young teens to glimpse life as it is lived by others and find greater understanding of themselves. In selecting books from the various sections of the bibliography, readers extend their literary experience while learning more about themselves and their world.

Each book listing includes one of the following descriptive statements: grades 4–7, grades 5–7, grades 5–8, grades 6–9, grades 7–9, junior and senior high, or children and adults. These statements are only general guidelines. Young teens might choose to discover literature outside their grade level that reflects their interests.

Discoveries: Fiction for Young Teens is available in large-print and braille formats. The large-print edition contains titles on disc, on cassette, or in braille. The braille edition lists only braille.

The list of fiction books is divided into seventeen sections. Each section is arranged alphabetically by author. Each book is briefly annotated. To locate a book, use the table of contents, which lists books by subject and formats, or the alphabetical author-title index. To order books, complete the order form at the back of the bibliography and send it to your cooperating library. Book numbers are listed by formats.

About the Free Reading Program

The National Library Service for the Blind and Physically Handicapped (NLS) loans books and magazines to individuals who have problems reading because of a visual or physical limitation, temporary or permanent.

Books, playback equipment, headphones, and other aids are delivered by mail. Book descriptions, catalogs, and bibliographies such as this one are also mailed regularly to inform readers of new materials available.

No postage is required to borrow or return books, equipment, and other materials, and all materials are free.

Thousands of books on discs, cassettes, and in braille are available through a network of cooperating libraries. Fiction and nonfiction selections include classics, romances, science fiction, biographies, bestsellers, gothic novels, how-to books, and many more. Popular magazines are converted into discs, cassettes, and braille, and mailed to subscribers directly from producers. Music services are provided directly from NLS.

Eligibility for the program is determined by the inability to see well enough to read a conventional print book or to hold a book and turn pages. Individuals wishing service need a brief statement describing their disability from a competent authority such as a medical doctor, nurse, optometrist, ophthalmologist, staff member of a health care institution, or a librarian.

For specific eligibility requirements and more information, write to the National Library Service for the Blind and Physically Handicapped, Library of Congress, Washington, DC 20542.
